## From the Director's Desk

*"Genius is one percent inspiration and ninety-nine percent perspiration."*

It is often said that opportunity strikes once in a lifetime, but IMC brings with it a gamut of opportunities to help you transform your life. We are ready to embark on our journey overseas and make the world experience Herbal and Holistic way of living. Often people live with a narrow perspective that includes earning and making ends meet, basically their vision is limited to survival. IMC is here to expand your vision and help you evolve to the best of your capabilities and live your dream life.

Often we hear people saying Direct Marketing is not their cup of tea or it's too difficult, but that's not true. The secret behind your success lies in giving a solution to the problem and trying a different approach. In life one must have a big vision, but while accomplishing a goal, it is essential to start with small steps and start achieving them. Small victories will boost your confidence and eventually, you will be able to work for your vision and achieve it with consistency and dedication. So don't be scared of dreaming big or don't tread on the usual path. Take the road less taken and achieve the new heights that are not based on your background, education or luck, but purely on your hard and smart work.

Lastly, the only way to get started is to quit talking and start doing. So think once before beginning your journey and while on path, fuel yourself with enthusiasm and keep moving forward.

*Go Crown President!*

*"The secret of getting ahead is getting started.  
The secret of getting started is breaking your  
complex and overwhelming tasks into small manageable  
tasks, and then starting the first one."*

# Health and Nutrition

## SHRI TULSI

It is beneficial in more than 200 diseases such as cough, common cold, fever, bronchitis, digestive problems etc. It strengthens our immune system etc.
